Dear Parent/Guardian:

Mars Area High School is offering the ASVAB Test to high school students grades 10-12 as part of the ASVAB Career Exploration Program. The program provides tools to help students learn more about career exploration and planning, in both the civilian and military worlds of work. ASVAB scores are used to determine if you are qualified to enlist in the military and to assign you to an appropriate job in the military. The ASVAB Career Exploration Program is free of charge. For more information, visit the ASVAB website:
