You are welcome to arrive and depart as your schedule permits. Our professional search consultant, Mr. Tom Templeton with **TEMPLETON Advantage, LLC**, will be facilitating these group conversations and providing the Board with a report of the results. Mr. Templeton has conducted many focus group sessions with educational and community organizations around Pennsylvania and is skilled at presenting the information to the Board with professionalism and in a manner that respects everyone's involvement. Please feel comfortable attending and expressing your views with candor and honesty. The Board will not attend this session.

The purpose of these Focus Group Discussions is to:

- Explore the strengths and challenges of the Mars Area SD.
- Review key issues to be addressed over the next year and beyond.
- Determine the critical skills that will be needed in the next superintendent.

We value your voice in this process, and will take your comments and reflections under serious advisement as we move through the search process. There is no need to RSVP — just attend and participate! *Thank you for your continued support.*
