To whom it may concern:

Butler County Children's Center, Inc., a private, non-profit corporation and academic school has been providing a variety of children's programs since 1973. Head Start is a comprehensive preschool program for children from age three through five. Head Start is free to all. Ninety percent of the children who are accepted must qualify under the income guidelines.

I am sending you our flyer with open registration information for our Head Start programs for the 2018-2019 school year. We ideally would like to distribute them to students in kindergarten, first and second grades between March 19th and March 23rd. Please review the flyer and let me know if you would like us to make any changes or if approved as is. Also, if approved please let me know if your district has a digital option for distribution to families or amount of flyers your schools require.

Please reach out if you have any questions or concerns.

Sincerely,

Emily K. Snow, Med
