TODAY'S YOUTH TOMORROW'S LEADERS

YOUTH & GOVERNMENT

This program is a national YMCA program that brings youth together to learn about politics, government, and work on debating skills. Students write mock bills and debate them in weekly meetings.

The program begins September 10th for returning students and September 17th for new students. It culminates with a weekend trip to the Capitol Building in Harrisburg, tentatively April 11-14, 2019, where participants debate their bills with other Pennsylvania delegates and vote on which ones will pass or fail. **We will have an informative meeting on Monday, September 24th at 6:00PM** to discuss the details of this club with interested parents and teens.
